¹ The data contained in this listing has been compiled with the able assistance of many Knights whose contributions we have tried to acknowledge. Sir Rich Dally (S-71) tirelessly pursued relevant information from many sources including Knights he contacted about the 60th year Camelot Club reunion held in 2007. As we recognized at those festivities, he has done yeoman work. However, much information is still missing or erroneous despite our best efforts. Discrepancies and missing data are often evident from the sources reviewed. If those who still have their shields or other listings of the active Knights, officers, pictures of class banners, or other information from your years in Camelot will send the information, every effort will be made to include that data on the website. I am particularly interested in including the story of each lineage and squire class for the website. Amendments and corrections to this data from knowledgeable sources will be welcomed. Please send information or picture files to gwrice at utulsa.edu. Sir Twinkle-Toes XI (S-70).
